Instructions for Delay in Criminal Proceedings System

General Instructions and Reporting Requirements

COURT RULE

According to MCR 8.110(C)(5) the chief judge of the court in which criminal proceedings are pending shall have filed with the state court administrator a quarterly report listing the cases in a format prescribed by the state court administrator. This format is the Delay in Criminal Proceedings (DCP) application on the Michigan Court Application Portal (MCAP). Each judge shall use DCP to submit a quarterly report of delayed cases which will include cases pending at the end of the quarter and cases disposed during the quarter.

CASES TO REPORT

- Felony cases in which there has been a delay of more than 301 days between the order binding the defendant over to circuit court and adjudication.
- Misdemeanor cases and cases involving local ordinance violations that have criminal penalties in which there has been a delay of more than 126 days between the date of the defendant's first appearance on the warrant and complaint or citation and adjudication.

COMPUTING DELAYS

In computing the 126-day and 301-day periods, the court shall exclude periods of delay between the time a preadjudication warrant is issued and a defendant is arraigned; between the time a defendant is referred for evaluation to determine whether he or she is competent to stand trial and the receipt of the report; during the time a defendant is deemed incompetent to stand trial; or during the time an order is in effect that stays the disposition or proceedings of the case pending interlocutory appellate review.

ASSIGNED JUDGES

When cases from a judge's caseload are assigned to a judge of another court by the State Court Administrative Office, the court must still report them; however, it is at the court's discretion whether they report assigned cases under the bar number of the original judge or under the bar number of the assigned judge.

MAGISTRATES

Cases under consideration by attorney magistrates must be reported under the bar number of the attorney magistrate. Cases under consideration by non-attorney magistrates must be reported under the generic bar number (P999999).

DUE DATES

Reports shall be submitted and verified on a quarterly basis. The DCP application is available the first seven days following each quarter.

- First Quarterly Report covers January, February, and March Submit between April 1 and 7
- Second Quarterly Report covers April, May, and June Submit between July 1 and 7
- Third Quarterly Report covers July, August, and September Submit between October 1 and 7
- Fourth Quarterly Report covers October, November, and December Submit between January 1 and 7
